

Do's & Don'ts at Carriden Boatyard

A few simple habits help keep our boatyard secure, tidy and welcoming for everyone.

The gate — please read

During the day: Between about 9 am and 5 pm, the gate may be open while people are visibly working close to the entrance. Otherwise, please pull the gate closed behind you.

When leaving: Lock the gate unless you can clearly see other customers still in the yard.

Bring your key: Another customer may lock up without realising you are still inside.

IF IN DOUBT — LOCK THE GATE!

Respect other people's belongings

DO ask permission before touching, borrowing or moving someone else's boat, tools, equipment or materials.

DON'T enter or interfere with someone else's boat, container or workspace without their permission.

Take your waste away

DO clear up after your work and take your rubbish and waste away with you for responsible disposal.

DON'T leave rubbish, scrap materials or unwanted items in the yard or around your storage space.

PLEASE NOTE: Carriden Boatyard does not provide waste-disposal services for customers.

Look after the shared space

DO keep access routes, shared areas and the slipway clear, and be considerate of other customers.

DON'T leave belongings outside your agreed storage area without prior permission.

DO take fire safety seriously and secure sheds and buildings when leaving.

DON'T smoke inside sheds or buildings, or leave heaters or other high-draw equipment running unattended.

Thank you for helping make Carriden Boatyard a good place for everyone. This friendly guide sits alongside our full Terms & Conditions.
